	Maofeng Chinese Green	This Green tea is prepared using one of the world's most sophisticated Chinese methods of preparing Green tea. It has golden/neon green liquor with deep mellow herbal flavor. This tea is not fermented but carefully steamed, rolled and set in different machines all the while, protecting the natural flavors of the hand-picked finest quality 'one leaf and a bud'.	Organic, Whole Leaf, Use 2-3 times, Second Flush, Premium Pluck - Only bud and two leaves					360
	Sencha Japanese Green	This aromatic tea is prepared using a Japanese method of processing Green tea by decoction. The fine tea leaves are handpicked and then steamed for between 30-45 seconds as early as they are harvested to prevent the oxidation of the leaves. Thereafter, the leaves are lightly rolled, shaped and dried. This tea has golden/neon green liquor and light and vegetal/grass aroma bordering between 'bitter-sweet' in taste. Sencha is a very popular drink in Japan, and it is drunk hot in the winter and chilled in the summer.	Organic, Whole Leaf, Use 2-3 times, Second Flush, Premium Pluck - Only bud and two leaves					440
	Bancha Japanese Green	This is a Japanese way of preparing green tea. These are generally made during the last "June to September". Bancha tea is low in caffeine, and has a unique flavour with a strong organic straw aroma. This tea has yellowish green liquor with a deep appealing herbal flavours, the taste of which lasts long after you have finished drinking it, making you feel refreshed, healthy and happy.	Organic, Whole Leaf, Use 2-3 times, Second Flush, Premium Pluck - Only bud and two leaves					400
